15th Steering Committee Meeting

RELEVANT EUFORGEN'S ACTIVITIES IN 2020

Michele Bozzano

Monday 23 November 2020, Virtual

EUFORGEN | EUROPEAN FOREST GENETIC RESOURCES PROGRAMME

Membership

Secretariat Staff

Anna-Maria Farsakoglou
Scientific assistant

Lidwina Koop
Administrative Officer

Main activities during 2020

GenTree-EUFORGEN Stakeholders consultation

FGR Strategy

Finalisation of Phase V reports

EUFORGEN and the OECD Scheme for the Certification of Forest Reproductive Material

Joint communications & engagement strategy on the appropriate trade and use of FRM in the face of climate change

Forest Europe

Draft Bratislava Ministerial Declaration
"The Future We Want: The Forests We Need"

We, the representatives of the Signatories of FOREST EUROPE commit ourselves:

29. To fully recognise the essential role of sustainably managed, genetically diverse and healthy forests in relation to the conservation of biological diversity and the sustainable use of its components.

Forest Europe

Draft Bratislava Ministerial Declaration
"The Future We Want: The Forests We Need"

We, the representatives of the Signatories of FOREST EUROPE

commit ourselves:

30. To recognize the need for dynamic conservation and utilization of forest tree genetic resources and management of forest tree species populations for production of forest reproductive material*

and continue pan-European collaboration on forest genetic resources through the EUFORGEN to this end.

* As reflected in the updated indicator 4.6 Genetic Resources

EFI GenRes Facility

EFI will established a new Facility on FGR (as of 1 Jan 2021)
